Testimonials

• Toshiba Mitsubishi
  The unanimous feedback is that every aspect of the Outbound event was fabulous, and everyone starting from the senior most Director to the junior most employee are all praises for the way the 2 day program was conducted and for the facilities organised which were of exceptional quality. It is very uncommon to not receive even a single complaint or for that matter a concern from such a diversified, large and distributed team and you made it possible. They are all praises for the programs, the coordinators and facilitators, the arrangements, the sequence of events, the briefing sessions, the food, the mid-night trek, morning yoga, the accommodation in tents to name a few.

  The unanimous feedback is that Outlife is Exceptionally good in outbound learning programs.  I profoundly offer my thanks for having made this program a great success. We look forward to partner with you more often in the future.

• Teach for India
  The entire event has been very customized, in sync with nature and perfectly organized. The true morning of the agenda owned by us and created by us was explained. The entire day was very relaxing and helped us reflect on ourselves and our team. Kudos to the team!! Looking forward to work with you.

Testimonials

• **Atlas Copco Business Services**

I express my sincere gratitude to the entire Outlife team wholeheartedly for the wonderful experience that we had. It was truly a memorable one! Everyone had a really great time and we learned a lot from the activities we did, especially the rappelling session which was a super hit! The Training team was spectacular and we bonded so well with them almost immediately. They really went out of the way to make us feel comfortable and helped us to overcome our fears as we truly felt that we were in good & safe hands.

• **Kantar Operations**

Our teams have had a memorable day with you. The program was well knit, with well planned activities, useful insights, and very well conducted adventure sports.

Your team of trainers and support members have a great way of making the participants feel comfortable & confident when they are strained or give up during the adventure sports. The facilitators spent a lot of time in understanding our needs & coming up with innovative ideas of knowledge sharing & experiential learning. All the best! We are extremely happy to be associated with you.
